A world-wide phenomenon, Artist Trading Cards (ATCs) are the rage among all types of creatives. Using a variety of mediums and techniques, artists and crafters drawing from a range of interests and experience create and trade these original works of art. With

this book, readers will find the tools they need create their own ATCs and join the fun. It includes: a spectrum of techniques for making cards, collage, painting, metal working, stamping, and more; instruction and ideas for making albums to store cards; and, suggestions for fostering a community of friendship, technique sharing and card trading. With more artists creating cards than ever and easy-to-find materials available in any craft store, ATCs are more than just a fad and "Artist's Trading Cards Workshop" makes the perfect companion for anyone interested in this hot art trend.
