Quilters love to make baby quilts as presents. Here are the projects they're looking for: quick, creative, and above all, adorable. Adorable Baby Quilts is the only book with

quilts in many popular nursery looks from bold color to sweet vintage, and a variety of machine-quilt techniques including original block designs, foundation piecing, applique, and whole-cloth quilting. Included are quilts of wonderfully soft and textural fabrics, a quilt to be signed by family and friends, and an heirloom christening quilt. All the quilts are cuddly and baby-safe and can be used for crib, travel, or wall decoration. Each quilt is photographed flat, as quilters prefer, and there are step-by-step instructions with diagrams and patterns. These quilts can easily be finished in time for the baby shower, and then will be treasured forever. The accomplished quilt designers featured in this book are Phyllis Dobbs, Janis Bullis, Sharon Hultgren, Gerri Robinson, and Susan Stein.
