

# Miter Saw Fundamentals

[Miter Saw Fundamentals\\_ 下载链接1](#)

著者:Peters, Rick

出版者:Sterling Pub Co Inc

出版时间:2006-10

装帧:Pap

isbn:9781588165572

Woodworkers trust "Popular Mechanics" to give them the information they need - and the "Workshop" series, written by respected DIY author Rick Peters, has proven invaluable. Each title covers a single tool in depth, with photos and exploded views, instructions, charts and sidebars. This new entry covers the popular miter saw - a relatively new piece of equipment that has become a must-have on every job site and

woodworking shop. Attractive projects include a simple desk frame, beveled tray & end table.
