Scarves are often the first garments beginning knitters try. Then, when they feel ready for a greater creative thrill, they move on to other types of garments. In Knitting New

Scarves , Lynne Barr beckons all levels of knitters back to their humble beginnings and then wows them with 27 spectacularly modern designs, each created using an innovative new technique or a unique take on a traditional one.

This novel approach, which dares knitters to rethink what is possible by simply manipulating knits and purls, leads to a collection of flattering, functional, and fun-to-make accessories. Imagine a scarf that looks like a strand of black pearls or unfolds like an accordion, one that playfully draws inspiration from the famed Chanel jacket or a twisting futuristic high-rise.

Every scarf is shown in its finished form in beautiful still-lifes by photographer Tyllie Barbosa, and, when unusual techniques are called for, up-close step-by-step photos are provided as well. This means every scarf in this masterful collection is both captivating and accessible for all levels of knitters.
