A paperbound edition of this phenomenally successful book was inevitable! Today's knitters love (maybe even more than knitting) a visit to their local yarn shop where they can stock up on new ideas, patterns, and tons of yarn. This collection of 33 patterns-chosen from hundreds of entries submitted by yarn shops across the country - is full of personal stories, knitting wisdom, and favorite tips from the people who have helped fuel today's knitting revolution. Patterns range from designer sweaters and kids' knits to small take-along projects. This delightful collection is like a trip to the yarn shop, a private session with the best knitters around, and a friendly chat with the county's most passionate knitters all rolled into one.
