Curious George is a good little monkey, and always very curious. Now George is curious about numbers. Counting from 1 to 10 is easy, but can he count all the way to 100? George has picked the perfect day to try. It's his town's 100th birthday today and everyone is coming out to celebrate. With the help of his friend, the man with the yellow hat, George learns to count from 1 to 100, making his usual monkey mischief along the

way. Young minds (and little fingers) will find all kinds of wonderful things to count as they turn each colorful page. In this large format, paper-over-board book each page features familiar objects for children to count. From home (toys, shoes, plates) to the park (bugs, sticks, clouds) to school (paste, crayons, books) George finds many different things to count. A perfect book for celebrating counting, numbers and the 100th day of school.
