Christmas Eve Blizzard is the tender story of a beautiful cardinal who is trapped in the snow until a young boy rescues him. Nicholas places more importance on caring for the injured bird than in decorating the Christmas tree or opening his gifts on Christmas morning. Christmas Eve Blizzard will truly touch your heart. The "Creative Minds" section contains information on how to make your backyard into a bird-happy habitat,

several simple bird-feeder crafts, "cardinal numbers," math games, and information on what to do if you find an injured bird. All Sylvan Dell titles feature free educational resources at [www.SylvanDellPublishing.com](http://www.SylvanDellPublishing.com), including the "For Creative Minds" section and additional teaching activities.
