"What happens between you and me stays here. It's nobody's business but ours." "But isn't using steroids sort of like cheating?" I asked. "It would be if you were the only one doing it. Half the kids on the line who are standing across from you, trying to block you, are on the juice. We're just trying to give you what you need to even up the score." When a Division One coach comes to their smaller school to bring the football program up to contender status, Moose and the rest of the players on the team are pumped. Coach Barnes has new ideas and a vision for the future--nothing is too good for his players. With a new training regimen, everything seems to be on a winning track. But when Moose and others are offered steroids, tempers start to fray and the teammates have to decide whose side they are on. Juice is a compelling story about the pressures and temptations that are faced by many in the competitive world of high-school athletics. Juice is Eric Walters' third entry in the Orca Soundings series, following Grind and Overdrive.
