Everybody knows that fairies are charming little creatures, dainty, pretty, and tidy. Airy Fairy is different. Young readers who make her acquaintance soon realize that she does have charm but dainty? Tidy? Not Airy Fairy Kids will laugh as they read these stories about the messiest fairy in town. Funny stories, vivid characters, and amusing line art fill the pages of the "Airy Fairy "series. Each story appears in chapters, just like an adult's novel, but Airy Fairy's humorous adventures are written on a level that will appeal to girls and boys. In this funny story, Airy Fairy's classroom report is the worst her school has ever seen, and she must complete a special fairy task during the Christmas holidays to make up for her poor grades. The result is fun and laughter. Black-and-white illustrations on nearly every page.
