He's the baddest dog in town. A 100% high-steppin', bone-crunchin', cat-chasin' pooch with one small problem: he has three days left on Death Row at the City Pound for Unwanted Canines. Unless . . . a secret dog spy agency asks him to be its latest super secret agent. His assignment? To discover why dogs are suddenly going bald . . . and insane. All the clues lead to a cat-loving zillionaire. But not everything is what it appears to be. Armed with only a box of tricks from Spymaster Supplies, Agent Bad Dog is under pressure to crack the case - and soon.
