The events of the past few months have left everyone changed. Seth has found the person he wants to be and he's grown confident about most things-except one, Summer. He can't forget her and so far she can't forgive him. Ryan has returned to Newport after learning that you can't force a family into existence, but he's also realized that he's got a family now-the Cohens. Now if he can just make things right with Marissa, he can focus on his new life. It's a period of change. Nothing is certain. Everything is up for grabs. Welcome to The O.C.An original story based on the hit TV show!
