Teacher Appreciation Day is coming, and Maybella Jean Wishywashy just can't decide what to bring. While the other kids choose apples for their teacher, Maybella buys a whole array of different foods. When other students dress in Mrs. Shepherd's favorite color, Maybella decides to wear all the colors. But despite her indecision, it's Maybella who comes up with the perfect response when a TV crew shows up and asks the class what they like most about their teacher. Lively and entertaining, this sequel to School Picture Day is sure to be appreciated by students and teachers alike.
