Follow the path of the awe-inspiring polar bear as it strives to survive in an age-old Arctic habitat threatened by global warming.

Huge, magnificent, and solitary, a polar bear moves through the frozen Arctic. Powerful hunter, tireless swimmer, tender mother, gentle playmate — she is superbly adapted for surviving, even thriving, in this harsh and icy climate. Written in poetic language interspersed with fascinating facts, Nicola Davies' breathtaking tale of this massive, stark white animal is brought to life in striking paintings by Gary Blythe. Just as the Inuit people have watched and learned from this amazing creature for generations, readers are invited to witness the majesty of Ice Bear.
