A furry, farting whoopie cushion on the front of this ingenious book-plus will have everyone laughing out loud. Bathroom humor and little boys just seem to go together, and the interactive component sets this book apart from others in the genre. Just before Fred heads out to impress the judges at the dog show, Grandma gives him a big treat-all of his favorite things to eat! Will he make it through the show without ...uh ...blowing the judges away? Charming illustrations and a well-told story make this more than just a novelty book. Its a tale kids will want to enjoy over and over again.
