

# Hurricanes, Tsunamis, and Other Natural Disasters

[Hurricanes, Tsunamis, and Other Natural Disasters\\_ 下载链接1](#)

著者:Langley, Andrew

出版者:Houghton Mifflin

出版时间:2006-4

装帧:HRD

isbn:9780753459751

Explore the most catastrophic natural events that have shocked the world since history began -- monster waves, avalanches, brush fires, earthquakes, floods, and terrifying tornadoes. Bursting with action-packed photographs and digital illustrations, this title looks at all aspects of natural disasters, including how rescue teams operate and how experts are using cutting-edge technology to try to predict and prevent disasters in the

future.
