New in Paper

Even young kids can dazzle their friends with amazing card tricks! It's easy for them to take center-stage now, because these incredibly simple and colorful instructions are just right for 6-to-8 year olds. Youngsters will start by mastering a few simple lessons on holding, spreading, cutting and shuffling the deck, and they'll also see how to hide cards surreptitiously and make them reappear magically. It's all a matter of practicing each move until they can do it automatically, and then kicking it up a notch with some smooth show-biz moves--like making a card float out of a deck, rise to the top, or turn

upside down without even touching it.
