A curious little frog finds a mysterious gift outside his home near the castle moat. It's Something Special... What can it be? It can be small and silent... Or big and loud. It can be planted...or blown...or thrown. And it's no good until you give it away. Join our little frog as he searches high and low for the answer to this puzzling riddle. Share the delight as he discovers that his magical gift is Something Special indeed. Will you guess the surprise before he does?
