More outstanding excerpts from cutting-edge contemporary plays and playwrights. The scenes and monologues of this new collection are uniquely original works not found in other published versions. Over 40 monologues and scenes selected for use by young students and actors aged 12 to 22. They vary in length from 1 to 2 minutes or 9 to 10 minutes. An excellent resource for general reading, auditions, forensics, playwrighting and acting exercises, oral interpretation and more.
