Identical twins. Separated at birth. For one very good reason . . . Camryn Barnes Smart, upbeat and popular, Cam is all about friends, family, school, and soccer. She's best of breed all around. Except for one bone-chilling secret. Cam sees things happening before they happen. Very bad things. Alexandra Fielding Spunky, punky, and sarcastic, Alex is all about making it from day to day. It's just her, her mom, and a ratty tin box called home. Whatever? Alex can deal. Except for the weirdness. Alex hears things. The things people think but haven't said. If they ever met . . . They could combine their powerful gifts and help people. Maybe even solve the mysterious star-napping that happened during Cam's soccer game. They could start to figure out who they really are; who their biological parents really are? or were. They could fall into the hands of the powerful warlock who wants them for evil . . . or dead.

They re about to meet.
