The Lives of the Artists series retraces the lives of some of the greatest and most influential artists of the Western world. Each book focuses on the life and works of one artist and presents a selection of great works that illustrate the artist's development. Each volume also includes the story of the artist's personal life and highlights the important social and historical events of the time. Full-color photographic reproductions, detailed time lines, an explanatory glossary, and a comprehensive index make each title an indispensable part of any art library.
