isbn:9781404227255

Enrich students' understanding of their favorite holidays and introduce them to new religions with the newest addition to Rosen's step-by-step guides to drawing. Each book focuses on a different holiday and eight of its most common symbols. Chapters

detail the history of the holiday and interesting facts about how different holiday traditions came to be, while the drawing allows the student to tap into his or her creative side and discover that learning can be fun. One of the most decorative and festive holidays, Christmas is celebrated and enjoyed by millions of people all over the world. Students will discover the true history of one of Christianity's holiest days, along with learning how different cultures contributed to its traditions, such as decorating a tree and hanging a stocking by the fireplace.
