isbn:9780822501909

First Step Nonfiction introduces young children to fun, easy-to-read non-fiction they will read again and again. Supporting beginning readers through repetition and simple sentences that directly correspond to large photographs, this series explores a wide range of everyday subjects -- from trees to time -- while helping develop nonfiction reading skills. Each title introduces a topic relevant to children's everyday experiences while inspiring them to read. With large, vivid photographs and basic, repetitive sentences that clarify the notion of location, this compelling new multicultural series

invites beginning readers to discover a whole new world and their place in it.
