How big does a home really need to be? When Henry decides to build a cabin for himself in the woods, he gets some help and a lot of advice from his friends. But Henry, being Henry, has his own ideas, and he sets about building his house as a bird builds its nest. As he adds everything he thinks his cabin needs, Henry's new home ends up being a lot bigger than it looks. Inspired by the life of Henry David Thoreau, and illustrated with nature-filled paintings by author and artist D. B. Johnson, *Henry Builds a Cabin* is a thoughtful and beautiful meditation on what a home can be.
