"This British import pays joyful homage to the world of the Impressionists. When Katie and her grandmother visit an art museum to celebrate the elder's birthday, the girl wanders into a gallery where she admires Claude Monet's *The Luncheon*.... With a blink of her eyes, Katie is magically transported into the painting... Lovely watercolors emulate the style of the Impressionists... Not only does this delightful fantasy succeed as art education, but it's a charming story as well." --School Library Journal
