This comprehensive quick and easy-to-use supplement complements any second grade math curriculum. The reproducible activities review twenty-four essential math skills and concepts in only ten minutes each day during a four-day period. On the fifth

day, a 20-minute ten problem assessment is provided. The exercises in this book cover a 40-week period and are designed on a continuous spiral so concepts are repeated weekly. Concepts include place value, number concepts, time and money, measurement, graphs and tables, estimation, problem solving, word problems, and more. Includes test-taking tips, skills and concepts charts, scope and sequence charts, and an answer key.
