When you can't fall asleep, Then, try counting sheep! But what is there to do if the sheep are already asleep? "New York Times" best-selling author, Laura Numeroff crafts the perfect lullaby, as a small child imagines she encounters many cuddly animals, only to find that they, too, are snuggled fast asleep with their families! Lovely, soothing watercolors by award-winning illustrator, David McPhail capture the dreaminess of bedtime, as the calming rhyme lulls any child to sleep.
