isbn:9781592237630

Take an incredible journey from the top of your head to the tips of your toes in Human Body . Designed for children ages 8 and up, this unique book is the ultimate guide to how the human body works. It’s filled with fascinating facts about what goes on beneath the skin and includes a comprehensive range of visual aids, including detailed photos, illustrations, diagrams, and two giant posters featuring front and back views of

the entire body. Want to know what’s going on inside your head? Cool transparent pages allow curious children to peel back the layers and discover how their brains actually work! Human Body also features a show-stopping 3-D front cover with the lenticular image of a human face morphing into a skull!
