Dr. I. B. Wrongo is the smartest guy in the land of Wrongovia. By spending 4,312 straight days in his secret testing facility, he's proven it's more fun to be wrong...and he's created THAT'S RIGHT, THAT'S WRONG to give kids everywhere the chance to play along, laugh along, and even learn along WHO WROTE "CALL OF THE WILD"? If you said Jack London, that would be right. But in this game we're looking for the WRONG answer. No points for you NOTE TO PARENTS: This game encourages kids to give the WRONG ANSWERS to a variety of questions. When they do, they'll score points and laugh themselves silly...and then they'll learn the RIGHT ANSWERS and some additional facts to remember. So don't worry, this game is sure to make them happier and smarter And if you don't believe me, you're wrong too Either way, congratulations -- Dr. I. B. Wrongo
