What reptile could run faster than a train? Which meat-eater stood taller than a tree? What critter was tough enough to fight a rhinoceros? Find out all this and more when you enter the world of dinosaurs! In this forty-eight-page book, you'll read about the lives of these incredible creatures, as well as how scientists locate fossils, dig them out, and use the findings to learn what life was like millions of years ago. Best of all, with the materials in your kit, you'll get to dig out your own dinosaur fossil and play a cool dinosaur card game!
