出版者:Charlesbridge Pub Inc

出版时间:2007-7

装帧:Pap

isbn:9781570916106

Bold collage illustrations and clear prose trace the origins of our familiar letters. From the proto-Sinaitic peoples, through the Phoenicians, Greeks and Romans, this book follows the development of the Roman alphabet. Includes sidebar information on punctuation, writing materials, the technology of printing, and more.
