This title is intended for ages 9-13. Sarah and Nicholas Fraser, the irrepressible sister-and-brother duo of Eric Walters' bestselling "Tiger" books are back for a fourth adventure. The kids are already swamped with exotic animals when Mr McCurdy and Vladimir, the owners of Tiger Town, rescue another truckload of creatures, including two baby kangaroos, a leopard, and a lion. Always the worrier, Sarah frets about finances and wonders how they'll be able to care for the ever-expanding menagerie. Then a man named Anthony appears on the farm, and Sarah and Nick have a lot more to fear. Who is this newcomer - friend or foe, patron or poacher? All Sarah knows is that some shady characters are threatening her beloved animals again, a bunch of gun-toting crooks are trying to buy illegal wildlife for zoos, and some sort of parrot disease has put McCurdy's farm under quarantine!
