Many strange mutants, freaks and creeps lurk on the pages of this quirky how-to. And they'll reach out and grab kids, "drawing" them into the world of monster art. There's a ton of great information here on creating weird eyes, strange skin textures, bizarre legs and arms and a host of creepy facial features so kids can create their very own monsters. See how to add extra limbs, tails, horns, wings, scales and other effects too! It won't be long before a gallery of fantastical monsters have come alive!
