著者:Millington, Jon

出版者:Parkwest Pubns

出版时间:1993-9

装帧:Pap

isbn:9780906212653

Curve stitching is a creative, practical activity with a strong mathematical background. This book explains the technique and there are large color photos of a good selection of beautiful designs, with 'stitch-by-stitch' sewing plans. The different families of designs are put into their mathematical context and there are many suggestions for further development. There is also a good collection of computer programs written in Basic.
