This is a memoir that is lived in moments. The moments you know - when you see your parents' marriage dissolving, when you realize you're a boy who likes boys, when you speak the truth and don't know if it will be heard. The moments you don't recognize until later - when you leave things unsaid (even to yourself), when you feel your boyfriend letting go, when you give up on love. And the moment you get love back. In an amazing narrative of poems, Billy Merrell tells an ordinary story in an extraordinary way.
