isbn:9780152025199

Monkey mischief abounds in this companion book to *One Monkey Too Many*. On Sunday, seven spunky monkeys are best friends. On Monday, only six monkeys are left. On Tuesday, five! What's happening to all the monkeys? Are they catching the love bug? Count down through the days of the week with these funky monkeys--who ultimately learn that when it comes to friends and family, the more monkeys, the merrier!
