Hi dee ho It's off to a picnic we go One hundred very hungry ants hurry to sample the delights of a picnic, but marching in single file seems too slow for 100 empty tummies. The smallest ant of all suggests they travel in 2 rows of 50, four rows of 25 . . . and the division begins. One Hundred Hungry Ants is not only a spirited and whimsical story, but also serves as an enjoyable visual introduction to math.
