isbn:9780791076781

From School Library Journal

Grade 10 Up--This scholarly volume focuses on the most studied British writers from 1837 to 1901. As a fairly new medium, the Victorian novel was read as entertainment by the literate of all classes. After a lengthy introduction on major novelists and their works, 14 authoritative essays cover such topics as Victorian identity, feminist heroines, sexuality, class, money, and morality, as well as criticisms and comparisons of Victorian fiction. Notes accompany each well-documented selection. AP English students may find these critical essays useful when researching or reading Victorian fiction.--Pat Bender, The Shipley School, Bryn Mawr, PA

Comprehensive critical views of the major literary movements in Western literary history - now available in paperback First time in paperback Dickens, Hardy, Eliot... this volume focuses on the development of the Victorian novel through the second half of the 19th century. --This text refers to an out of print or unavailable edition of this title.
