Book Description It's a totally "Shrek" take on some of your favorite fairytales--and happily ever after will never look or sound the same. Shrek has a problem, the local fairy tale children won't leave him alone--and they're driving him crazy! What's an ogre to do? Not to worry, Donkey has a plan: read the kids a story. Shrek agrees, but only if he can tell the story his way. This is the story of Sleeping Ugly--she's not an average princess but then this isn't an average fairy tale. This is a "Shrek" Tale.
