Readers will be delighted to discover the many wonders of the Garden State, from her famous sons and daughters (inventor Thomas Edison and the Revolutionary War heroine Molly Pitcher) to her beautiful sights (the Highlands, the Pinelands, and New Jersey's famous shoreline), and her unique institutions (The Seeing Eye training institute for seeing eye dogs and Haddy, the largest complete dinosaur skeleton of its time, found in 1858). "G is for Garden State" explores the places, people, and landmarks that make New Jersey a fascinating place to live in and to visit again and again. Written in the popular two-tier format for our Discover America State by State alphabet series, young readers will explore state facts through colorful illustrations, rhyming verses, and expository text. Used in schools throughout the country, this series effectively expands classroom curriculum. Author/preservationist Eileen Cameron is interested in protecting our natural and historical resources. She serves on the board

of the Washington Association of New Jersey at Morristown National Historical Park. Eileen has hiked the Appalachian Trail at High Point, rafted on the Delaware River, and now lives in Morristown, New Jersey. Doris Ettlinger has illustrated numerous children's books including "Springtime in the Big Woods" and "Mr. Edwards Meets Santa Claus," both adapted from the Little House books by Laura Ingalls Wilder. She graduated from the Rhode Island School of Design. Doris lives and works in a 150-year old gristmill in western New Jersey with her family and a Welsh Corgi.
