Award-winning writer Greg Rucka explores the tortured relationship Ra's al Ghul maintains with his two daughters. One, the loving Talia, has gone out on her own, while the older child, Nyssa, has harbored a deep hatred for the eco-terrorist. Nyssa, after spending decades afar, returns to enact a sinister plan with one simple goal: ending her father's long life. A dying Ra's turns to Batman for help, offering him a bargain the Dark Knight cannot refuse--a chance to speak to his parents' spirits.
