Brian Karas has always been moved and inspired by the haiku poetry of Issa, whose work is taught in schools and loved by children around the world. Here Karas has selected 22 of his favorite poems to tell the story of a year in the life of a family -- a year in which they will experience the loss of their beloved grandfather, and also the renewal that comes from healing after loss. With stunning mixed media artwork that represents a major breakout for this acclaimed artist, TODAY AND TODAY offers an authentic, reassuring look at life's many cycles -- and the small miracles that occur each day.

画得不错，对于画在书中的设计也好。对于这种本身没有很强故事性的讲四季流转的绘本，文字部分还挺重要的，但这本可能是从俳句翻译成的英语的原因，缺少韵味。
