Kids love comic strips...and now they can devise their own imaginative illustrations and stories with the help of a professional artist who designs for the Cartoon Network. He provides advice on the basic tools and materials; demonstrates how to construct bodies and faces; explains how to come up with appealing characters and build an ensemble cast; and provides ideas for fine-tuning the finished work with proper inking techniques, shading, and color use. There are loads of practical tips and hands-on

activities to hone technique, along with tutorials on writing jokes. Plus, Roche gives the low-down on the big business of comic strips, including suggestions for getting published. To top it off, readers watch as the author produces a brand-new strip, from start to finish.
