isbn:9780340931011

This is the best introduction to kakuro, the brilliant new puzzle craze. Kakuro is the new sudoku, but even more addictive! This book shows absolute beginners how to get started. It contains 100 puzzles divided into four levels, starting with small, very easy grids, and moving on to bigger and more challenging puzzles. A clear introduction explains how to tackle the puzzles, and there are also helpful charts showing all the number combinations, as well as complete solutions.
