isbn:9780836877199

Looking for easy craft projects that require few materials, are tied to curriculum topics, and are designed for children at different skill levels? Cut, Paste, and Create is the answer Simple directions and colorful pictures explain how to cut out a variety of shapes and then paste or glue them together to make pictures of items familiar to children. Readers learn the parts of animals, moving vehicles and machines while creating works of art and reinforcing their knowledge of shapes and colors. Other features of this creative series include: - Clearly written, numbered instructions for each

project- A list of materials and labeled illustrations of the shapes to cut out- Full-color illustrations and photos showing examples of the finished crafts- A "Bright Ideas" box giving suggestions for students who are ready for more challenging projects- A four-page introduction explaining the kinds of craft materials used, how to follow each project's instructions, how to work safely, and how to clean up the mess
