Look! Through the window! Who's there? I see a dog now I see a cat! Your amazing baby will love the magical picture pairs that change right before her eyes. Filled with adorable illustrations and lots of bright, bold colors, Picture Pairs uses special lenticular printing techniques to create captivating 3-D images of some of baby's favorite things. From pretty socks and shiny shoes, to her favorite bowl and spoon, your baby will love learning about association while building her visual and verbal skills.
