Katie's sister is getting married to a man who is too old, too fat, and too geeky. He also happens to be a teacher at Katie's school—how embarrassing! But it gets worse. Katie has been asked to be the bridesmaid. How will she ever live down the shame of having That Man as a brother-in-law AND having to wear a frilly blue dress for a whole day? It's time for action. Katie has to find her sister a new boyfriend, and fast. Ranging from scintillatingly witty to rip-roaringly funny, popular author Mary Hooper shows her comic genius.
