Take control and keep your company competitive. The controller's role in corporate America has become increasingly crucial and exceedingly complex. So how can new and established professionals enhance their performance and sustain their company's competitive advantage? With The Controller's Function, Third Edition. From describing essential competencies—cash management, budgeting, fraud prevention and establishing codes for corporate ethical behavior—to detailing the more sophisticated skills like activity-based and target costing, disaster recovery planning, and outsourcing, The Controller's Function expertly balances both the technical and managerial sides of the job. You'll quickly access information on how to: Use electronic spreadsheets for financial analysis Successfully implement a shared service center Enhance performance through online inventory systems, quick closing procedures Selecting adequate accounting software Avoid insurance pitfalls through proper planning Order your copy today!
