Develop insight into the hotel management decision-making process. The

International Hotel Industry: Sustainable Management examines key theoretical issues and real challenges facing current hotel managers around the world. Each chapter includes case studies of management issues, insights from senior international hotel managers, and stimulating discussion topics. This book explores the entire industry from an international perspective to provide a better understanding of the effective decision-making process commonly used by managers regardless of location. Issues such as employee management, placement of hotel location, marketing decisions, yield management, and others are discussed in detail. Textbooks on the hotel industry are often limited in scope to only one discipline, perspective, or geographic area. The International Hotel Industry: Sustainable Management is international, interdisciplinary, and thought-provoking, allowing readers to understand management issues better by broadening the scope of their knowledge. Current and real examples of problems and issues are posed by the book through case study and interviews with hotel managers around the world. Invaluable for use as a textbook in graduate and undergraduate-level courses in hospitality and hotel management, the book covers crucial areas of the industry such as effective marketing, human resource management, location, resource management, and sustainability. This important source provides an extensive bibliography and numerous figures and tables to clearly illustrate ideas. Each chapter in The International Hotel Industry: Sustainable Management includes: chapter objectives key word definitions chapter review introduction to topic summary of chapter discussion of issues case studies pertaining to topic review questions to spark ideas and discussion The International Hotel Industry: Sustainable Management is a valuable resource for anyone in hotel management, educators, and students in capstone courses in hospitality.
