Volume two of the "Handbooks of Management Accounting Research" consists of two groups of chapters. The first draw together research that has focussed on particular management accounting practices. The second set synthesise contributions to the literature that have been focussed within particular organisational contexts. Volume two concludes with a review of research on how management accounting practice and research varies around the world. It documents the scholarly management accounting literature. It is published both in print, and online through Science Direct, and is International in scope.
