出版者:John Wiley & Sons Inc

出版时间:2007-2

装帧:HRD

isbn:9780470087411

Offering a unique approach in the field, this book presents the principles of accounting from a corporate perspective. This provides readers with a real-world understanding of the concepts. It starts with a discussion of real financial statements first, clearly showing how they communicate the financing, operation, and investing activities of a business. The book then helps readers gain the skills, and the confidence they need to use those skills effectively in making business decisions.
